- Question: I am still having a issues to get CLASS reporting access to CDE through touchstone. Is there anything I can do? Answer -We also recommend reaching out to your PQI Consultant and they can help direct you to the appropriate information.
- Question: Is there a list compiled of possible observers to contract? Answer- Yes Denise has a list – email her.
- Question: Is there a Quality Threshold for CLASS 2.0 to look at our score, or are we using the Quality Counts CA threshold. Head start has threshold as well. Answer- The CDE has NOT set a quality threshold at this time.

Discuss: Hold Harmless

- At State level there was a Senate hearing last week with comments in favor of rate reform.
- Parent Voices and many others are going to Sacramento for May 14th advocacy.
- Main goal – based on enrollment rather than attendance, and lower threshold for enrollment.
- Don't think rate reform will be in place by July 1.
- How to organize around this? Working with Children Now and Every Child California. Want to know who is available April 23 to go to Sacramento. April 23 is public comment.
